

**Grappenhall and Thelwall Parish Council
Risk Assessment 16 January 2021**

PARISH COUNCIL OFFICE		
Hazards	Who may be affected and how	Dealing with the risks
Slips and trips	Staff and visitors could be injured if they trip over objects or slip on spillages.	<ul style="list-style-type: none"> • General good housekeeping. • Obvious hazards such as steps pointed out to staff and visitors. • Staff keep work areas clear e.g. no boxes or objects left in walkways, deliveries put away immediately, no trailing cables or wires. • All areas well lit, including stairs. • Secure handrail provided on the stairs. • Office cleaned regularly. • Spills mopped up immediately, a mop, bucket, brushes and pan available. • First Aid box provided. • Staff First Aid trained.
Manual Handling of paper, office equip. etc.	Staff risk injury or back pain from handling heavy/bulky objects.	<ul style="list-style-type: none"> • A trolley is available to move heavy items. • High shelves used for light objects only.
Display Screen Equipment	Staff risk pain, discomfort or injuries from overuse or improper use of poorly designed workstations.	<ul style="list-style-type: none"> • Workstations designed to take account of ergonomic factors. • Work arranged so that staff do not use computers for continuous, long periods of time i.e. breaks away from the computer screen. • Eye tests provided for those who want them.
Working at height	Falls from height can cause injuries.	<ul style="list-style-type: none"> • Kick stool provided to enable staff to safely file or retrieve things from high shelves.
Falling objects	Falling objects can cause injury	<ul style="list-style-type: none"> • Books, files, paper and equipment are stored safely and securely on shelves.
Electrical	Faulty electrical equipment can cause electrical shocks, burns and start fires.	<ul style="list-style-type: none"> • Annual PAT testing and inspection of the electrical system every 5 years. • Staff trained to spot and report any defective plugs, discoloured sockets or damaged cables/equipment. • Defective equipment taken out of use safely and promptly replaced. • All repairs carried out by a qualified electrician. • Staff know where fuse box is and how to safely switch off electricity in an emergency. • Access to fuse box kept clear.
Stress	Staff could be affected by factors	<ul style="list-style-type: none"> • Staff understand what their duties and responsibilities are.

**Grappenhall and Thelwall Parish Council
Risk Assessment 16 January 2021**

	such as lack of job control, bullying, not knowing their role etc.	<ul style="list-style-type: none"> • Staff can talk confidentially to the Clerk if they are feeling unwell or ill at ease about things at work. • ‘No bullying’ policy.
Fire	If trapped staff could suffer fatal injuries from smoke inhalation/burns.	<ul style="list-style-type: none"> • Fire risk assessment carried out and fire alarm system installed and maintained accordingly. • Fire escape route to be kept clear of obstructions and combustible materials at all times.
Gas Boiler	Gas boiler could malfunction.	<ul style="list-style-type: none"> • New gas boiler installed June 2011, which is regularly serviced. • Staff instructed in its use and instruction manual available.
Lone working	Staff could suffer injury or ill health while working alone. Potential danger from visitors.	<ul style="list-style-type: none"> • Video door entry system now installed so visitors can be seen before the door is unlocked. • The area is lit at night so visitors can be seen when it is dark. • Staff have the option not to open the door to visitors if working alone. • In the event of a problem police, emergency services or other assistance can be called.
COUNCIL AND COMMITTEE MEETINGS		
Hazards	Who may be affected and how	Dealing with the risks
Slips and trips	Staff and visitors could be injured if they trip over objects or slip on the steep stairs.	<ul style="list-style-type: none"> • General good housekeeping. • Obvious hazards such as steps pointed out to staff and visitors. • Staff keep work areas clear e.g. no boxes or objects left in walkways, deliveries put away immediately, no trailing cables or wires. • All areas well lit, including stairs. • Secure handrail provided on the stairs. • Office cleaned regularly. • Spills mopped up immediately, a mop, bucket, brushes and pan available. • First Aid box provided. • Staff First Aid trained.
Fire	If trapped staff and visitors could	<ul style="list-style-type: none"> • Fire risk assessment carried out and fire alarm system installed and maintained

**Grappenhall and Thelwall Parish Council
Risk Assessment 16 January 2021**

	suffer fatal injuries from smoke inhalation/burns.	<p>accordingly.</p> <ul style="list-style-type: none"> • Fire escape route to be kept clear of obstructions and combustible materials at all times. • Fire Action Notices available to staff and public at meetings.
PARISH WARDEN		
Hazards	Who may be affected and how	Dealing with the risks
Slips, trips and falls	Staff risk injuries such as fractures and bruising if they trip over objects or uneven surfaces and fall.	<ul style="list-style-type: none"> • Warden advised to wear sensible, appropriate footwear i.e. sturdy boots with steel toe caps and non-slip soles.
Musculoskeletal disorders (MSD) and injuries	Staff risk back pain if they try to lift objects that are heavy and/or awkward to carry such as machinery or heavy waste bags, or if they are required too often to work in awkward postures.	<ul style="list-style-type: none"> • Warden trained in manual handling and follows safe systems of work. • Waste bags are not over filled. • Large, heavy items of waste reported so that safe removal can be arranged. • Long handled litter pickers provided to reduce the need to stretch and stoop. • Warden trained to use machinery such as strimmer's correctly. • The work is varied, and posture can be changed throughout the day accordingly. • Pain or injury reported to the Clerk a.s.a.p. and appropriate action taken.
Injury and Ill Health from collecting and disposing of waste	<p>Staff risk injury from sharp edges of ripped cans, broken glass.</p> <p>Danger from Hypodermic needles.</p> <p>Risk of ill health from exposure to bacteria and potentially hazardous substances through contact with skin, cuts and abrasions, inhalation or ingestion through hand to mouth contact.</p> <p>Danger of injury from passing traffic whilst collecting litter on highways.</p>	<ul style="list-style-type: none"> • Protective gloves are provided and advised to wear protective shoes. • Waterproof trousers are provided. • Refuse bags are not emptied and reused but thrown away with the rubbish. • Injuries reported to the Clerk a.s.a.p. and appropriate action taken. • Hand washing facilities available at the Parish Council Office so hands can be washed before eating or drinking and warden carries hand wipes. • Warden advised on safe disposal of hypodermic needles and issued with a Biohazard Sharps Disposal kit. • Advised to report exposure to a hazardous substance. • Advised to report any dermatitis or problems with hands. • Advised to ensure up to date with Tetanus immunisation. • High visibility jacket provided to improve visibility to passing traffic. • Advised to take extra care when collecting litter on highways. • Advised to park safely and responsibly on highways.

Grappenhall and Thelwall Parish Council Risk Assessment 16 January 2021

Lone working	Staff could suffer injury or ill health while working alone.	<ul style="list-style-type: none"> The Warden has a mobile phone and in the event of a problem police, emergency services or other assistance can be called.
Verbal abuse or assault	Staff may suffer verbal abuse or possibly assault from members of the public, particularly if working in remote areas.	<ul style="list-style-type: none"> Warden advised to use reasonable persuasion with abusive people but to avoid personal risk. Any instances of verbal or physical abuse immediately reported to the Clerk. Regular meetings are held to discuss any issues of concern. Warden issued with an identity card/authority to identify themselves to the public when necessary. The Warden has a mobile phone and in the event of a problem police, emergency services or other assistance can be called.
Extremes of weather	Staff working outside may suffer discomfort and possible ill health from exposure to poor weather.	<ul style="list-style-type: none"> Warden issued with suitable protective clothing including a warm, reflective jacket, protective gloves and waterproof trousers.
Machinery and tools	Staff and the general public at risk of injury from the use of machinery such as strimmers, lawnmowers and hedge trimmers.	<ul style="list-style-type: none"> Warden issued with a protective helmet and goggles to prevent injury from flying debris. Suitable protective gloves and boots with steel toe caps provided. Warden issued with HSE guidance on safe working practices and advised to cease operations when the public are nearby and work at safe distances from the public. Instructions provided with new equipment. Training given for use of existing equipment.
Parish Council Van	Staff and the general public at risk of personal injury from the use of the Parish Company Van, including the tipper function	<ul style="list-style-type: none"> Fully comprehensive insurance to cover all liabilities with Zurich Insurance. PPE provided. Full training given on the use of the tipper function. Driving licences checked and verified annually.
PLAYGROUND EQUIPMENT		
Hazards	Who may be affected and how	Dealing with the risks
Equipment	Danger to users from faulty or broken equipment	<ul style="list-style-type: none"> Annual inspection carried out by RoSPA. Any hazards repaired a.s.a.p. and recommendations reported to the Parish Council. Parish Warden has received RoSPA Visual Safety Inspection of Play Equipment training and carries out quarterly inspections.

Approved at Parish Council

**Grappenhall and Thelwall Parish Council
Risk Assessment 16 January 2021**

		<ul style="list-style-type: none"> • Daily inspections carried out by caretakers and any broken equipment, vandalism or other hazards reported immediately to the Clerk. • Equipment taken out of use if damaged e.g. immobilising swings by padlocking chains to frame. • Minor repairs are undertaken by caretakers where appropriate, other repairs are carried out by play equipment contractors. • Annual maintenance budget to fund immediate repairs as necessary. • Caretakers instructed to close the playgrounds if faulty equipment or surfaces could cause injury to users until such time that the equipment can be made safe.
Slips and trips	Visitors could be injured if they trip or fall over objects or damaged surfaces.	<ul style="list-style-type: none"> • Play surfaces inspected daily by caretakers and any damaged surfaces are reported and repaired a.s.a.p. • Caretakers are instructed to prevent use of the equipment or close the playground if damaged surfaces present a serious trip hazard until such time that the surface can be properly repaired. • Grounds maintenance contractors carry out regular inspections of paths, surfaces and other potential hazards to the public and report any problems.
Litter e.g. broken glass, bottles, cans, hypodermic needles	Visitors risk injury from sharp objects. Bottles, cans etc. could present a slip/trip hazard.	<ul style="list-style-type: none"> • Litter collected daily by caretakers. • Biohazard Sharps Disposal kit provided for caretakers.
Dogs	Users could be at risk of injury from dogs not kept on a lead. Risk of infection from dog faeces.	<ul style="list-style-type: none"> • Notices displayed on play area fences – Children’s play area - No dogs allowed • Fences have been installed to keep dogs away from play equipment.
Fences	Broken fences could cause injury if there are any sharp edges resulting from damage or vandalism.	<ul style="list-style-type: none"> • Caretakers are required to carry out daily inspections and repair any minor damage if possible. • More serious damage reported to the Clerk and repairs arranged a.s.a.p.
Trees and shrubs	Visitors risk injury from falling branches or overgrown shrubs/prickly or poisonous vegetation.	<ul style="list-style-type: none"> • Regular tree inspections are carried out by grounds maintenance contractors and recommended works carried out accordingly. • Grounds maintenance contractors report and deal with any hazardous/overgrown shrubs or vegetation. • Bi-annual Arboricultural Tree Hazard Surveys are carried out to assess the health and safety of trees.
PLAYGROUND		

**Grappenhall and Thelwall Parish Council
Risk Assessment 16 January 2021**

CARETAKERS		
Hazards	Who may be affected and how	Dealing with the risks
Slips, trips and falls	Staff risk injuries such as fractures and bruising if they trip over objects or uneven surfaces and fall.	<ul style="list-style-type: none"> • Caretakers advised to wear sensible, appropriate footwear with non-slip soles. • Litter removed on a daily basis. Contractors regularly trim the grass, bushes and trees as required.
Musculoskeletal disorders (MSD) and injuries	Staff risk back pain if they try to lift objects that are heavy and/or awkward to carry such as machinery or heavy waste bags, or if they are required too often to work in awkward postures.	<ul style="list-style-type: none"> • Caretakers lift safely and follow safe systems of work. • Waste bags are not over filled. • Long handled litter pickers provided to reduce the need to stretch and stoop. • Pain or injury reported to the Clerk a.s.a.p. and appropriate action taken. • Large, heavy items of debris are reported to the Parish Council so that safe removal can be arranged.
Injury from collecting and disposing of waste	Staff risk injury from sharp edges of ripped cans, broken glass. Danger from Hypodermic needles. Risk of ill health from exposure to bacteria and potentially hazardous substances through contact with skin, cuts and abrasions, inhalation or ingestion through hand to mouth contact.	<ul style="list-style-type: none"> • Protective gloves are provided. • Advised to wear protective shoes. • Refuse bags are not emptied and reused but thrown away with the rubbish. • Injuries reported to the Clerk a.s.a.p. and appropriate action taken. • Caretakers advised on safe disposal of hypodermic needles and issued with a Biohazard Sharps Disposal kit. • Advised to report exposure to a hazardous substance. • Advised to report any dermatitis or problems with hands. • Advised to ensure up to date with Tetanus immunisation.
Lone working	Staff could suffer injury or ill health while working alone.	<ul style="list-style-type: none"> • Caretakers have a mobile phone and in the event of a problem police, emergency services or other assistance can be called.
Verbal abuse or assault	Staff may suffer verbal abuse or possibly assault from members of the public, particularly if working in remote areas.	<ul style="list-style-type: none"> • Caretakers advised to use reasonable persuasion with abusive people but to avoid personal risk. • Caretakers have a mobile phone and advised to call the police if criminal activity is witnessed. • Any instances of verbal or physical abuse immediately reported to the Clerk.
HANGING BASKETS		
Hazards	Who may be affected and how	Dealing with the risks
Damaged baskets or	The public risk injury from falling	<ul style="list-style-type: none"> • Contractors check that mounting brackets are secure before installing baskets.

**Grappenhall and Thelwall Parish Council
Risk Assessment 16 January 2021**

chains	baskets and debris	<ul style="list-style-type: none"> • Baskets secured with appropriate tie to hook and bracket. • Baskets are removed at the end of the season. • Where baskets are provided on private property, e.g. shops, occupiers asked to check security of the baskets regularly, particularly after windy weather.
GRAPPENHALL HEYS WALLED GARDEN		
Hazards	Who may be affected and how	Dealing with the risks
<p>Slips and trips e.g. uneven surface of car park, slippery paths, leaks/spillages, cleaning floors etc.</p>	<p>Staff, visitors and volunteers could be injured if they trip over objects or slip on spillages. Paths slippery in winter. Uneven surface in the yard.</p>	<ul style="list-style-type: none"> • General good housekeeping, work areas kept tidy, goods suitably stored. • Staff keep work areas clear e.g. no boxes, trailing cables or objects left in walkways, deliveries put away immediately. • All indoor areas well lit including storage areas. External lighting in rear yard. • Non slip flooring laid in the kitchen and toilets. • All equipment is maintained to prevent leaks on the floor. • Equipment faults leading to leaks reported promptly to manager. • Drip trays provided in the kitchen where spills more likely. • Kitchen and toilets cleaned regularly. • Spills cleaned up immediately, a mop, bucket, brushes, pans and suitable cleaning materials are available. • Paths gritted as necessary in winter, garden closed in extremely icy weather. • Warning signs used where appropriate during icy/slippery conditions. • Paths kept moss free and regularly inspected for trip hazards. • Algaecide used to reduce moss and algae on paths. • Yard surface maintained to be as even as possible. • First Aid box provided. • Gardener/Manager to attend First Aid training course at required intervals.
Deep ponds	Danger of drowning. Deep ponds and sloped edges.	<ul style="list-style-type: none"> • Obvious and visible hazard, fencing not appropriate in the setting. • Rescue throw rope provided. • Danger Deep Water signs displayed at major events. • It is recommended that children are supervised.

Grappenhall and Thelwall Parish Council Risk Assessment 16 January 2021

		Warning signs are used when ice is present.
Trees	Staff, visitors and volunteers at risk of injury from falling branches and injury to face and eyes from low branches.	<ul style="list-style-type: none"> • Gardener Manager to regularly inspect trees. • Regular pruning of low branches. • Garden to remain closed during stormy weather and periods of strong wind. • Regular tree inspections are carried out by a contractor and recommended works are carried out accordingly.
Plants	Some plants potentially poisonous, some can cause irritation to skin.	<ul style="list-style-type: none"> • Potentially hazardous plants either removed or clearly labelled.
Glasshouses	Staff, visitors and volunteers.	<ul style="list-style-type: none"> • Obvious hazards such as steps pointed out to staff and visitors. • Risks from slips/trips and manual handling covered in previous sections. • Ensure suitable temperature control/ventilation in the glasshouses to avoid staff/visitors overheating/dehydrating. • Thermometers located in working glasshouses. • During hot weather staff should avoid working in the glasshouses for prolonged periods of time. • Air conditioning units are provided in the community/Café space. • Ensure that damping down takes place in hot weather. • During cold winter months, ensure that the heating is adequate for working in. • Ensure glasshouses are clean/tidy to avoid excessive dust. • Regularly check the glazing for cracks. • Water tanks are appropriately covered. • Avoid working at height in the glasshouses (i.e. during cleaning, high crop picking) wherever possible. If this cannot be avoided, then prevent falls by following the guidelines in the HSE Safe Working on Glasshouse Roofs document.
School Room and small kitchen area	Staff, visitors and volunteers	<ul style="list-style-type: none"> • Obvious hazards such as steps pointed out to staff and visitors. • Risks from slips/trips and manual handling covered in previous sections. • Ensure suitable temperature control/ventilation for the comfort of users. • Ensure school room is clean/tidy to avoid excessive dust. • Kitchen equipment including kettle and coffee machine (no cooker present) subject to regular maintenance and inspections. Any defects reported and equipment taken out of use until repaired by a competent person or replaced.

**Grappenhall and Thelwall Parish Council
Risk Assessment 16 January 2021**

		<ul style="list-style-type: none"> • First Aid box provided and first-aider on site. • Hand washing facilities are provided.
Work at height e.g. changing light bulbs, trimming hedges etc.	Anyone working at height could suffer injuries should they fall.	<ul style="list-style-type: none"> • Appropriate, commercial stepladder available for use and securely stored. • Users instructed in safe use of stepladders. • Condition of stepladders regularly checked. • Holly hedges trimmed by contractors (height, special machinery required).
Vehicle movement	Staff, visitors and volunteers could suffer serious injury if struck by cars entering/leaving the premises.	<ul style="list-style-type: none"> • Yard car park used by staff and volunteers only, not usually visitors, and users know to proceed slowly and with caution. • Skip collection takes place when the garden is not open to the public. • Large vehicles (tree work etc.) only access the yard when not open to public.
Hazardous substances e.g. cleaning products, garden chemicals and flammable liquids	Staff and volunteers cleaning risk skin irritation from direct contact with cleaning chemicals. Chemicals used in the garden can be toxic and flammable liquids can present a fire hazard.	<ul style="list-style-type: none"> • Cleaning products are securely stored. • All containers clearly labelled. • Long handled mops, brushes and rubber gloves are provided. • Staff wash rubber gloves after use and store them in a clean, safe place. • Cleaner is trained to use products safely, e.g. follow instructions on the label, dilute properly and never transfer to an unmarked container. • Dishwasher provided in the kitchen. • Hazardous chemicals for use in the garden are stored in a locked box. • Flammable liquids are locked in a fire proof box. • Gardener has spraying certificates.
Electricity	Users risk electric shocks or burns from faulty equipment or installation.	<ul style="list-style-type: none"> • New electrical system installed in the glasshouses in summer 2014. • All repairs carried out by a qualified electrician. • Annual PAT testing carried out and inspection of the electrical installation every 5 years plus ongoing visual inspection. • Defective equipment taken out of use safely and promptly replaced. • Staff trained to spot and report any defective plugs, discoloured sockets or damaged cables/equipment. • Staff know where fuse box is and how to safely switch off electricity in an emergency.

**Grappenhall and Thelwall Parish Council
Risk Assessment 16 January 2021**

		<ul style="list-style-type: none"> • Access to fuse box kept clear.
Gas Boiler/Heating System	Risks to staff, visitors and volunteers from malfunction.	<ul style="list-style-type: none"> • New gas boiler and heating system installed in the glasshouses in summer 2014. • Ensure that the boiler and heating system are subject to a maintenance agreement and ensure that regular inspections take place. • All repairs to be carried out by a qualified gas safety specialist. • Defective equipment taken out of use safely and promptly replaced. • Staff trained to spot and report defects. • Ensure that heating levels are maintained to the correct temperature.
Manual Handling of furniture, equipment, tools, stock etc.	Staff and volunteers risk injury or back pain from handling heavy/bulky objects.	<ul style="list-style-type: none"> • Staff trained in how to lift safely. • A trolley is available to move heavy items and users know where it is kept. • Sink at good height to avoid stooping. • Stock bought in pack sizes that are light enough for easy handling.
Machinery and tools	Staff, volunteers and visitors at risk of injury from the use of machinery such as strimmers, lawnmowers, and hedge trimmers. Broken/defective tools could cause injury to staff and volunteers.	<ul style="list-style-type: none"> • Suitable clothing such as gloves, goggles, ear defenders and footwear (boots with steel toe caps) worn by staff and volunteers to protect them from injury/flying debris and noise. • Work that could be hazardous to visitors carried out when the garden is closed to the public. • Tools inspected on a regular basis and broken/defective tools reported taken out of use and replaced. • Safety-critical repairs carried out by a competent person. • Staff trained in cleaning, assembly and operating procedures. • Operating instructions easy to locate. • All dangerous parts to machinery suitably guarded and checked before use.
Stored Equipment	Users could be injured by collapsing stacks of furniture.	<ul style="list-style-type: none"> • Users know that furniture and equipment must be stacked carefully and safely stored to prevent collapse or fall.
Contact with steam, hot water and hot surfaces	Staff and volunteers may suffer scalding injuries or burns.	<ul style="list-style-type: none"> • Staff and volunteers trained how to safely use water boiler and coffee machines. • Staff and volunteers told it is advisable to wear long sleeves. • Rubber gloves, cloths and aprons and oven gloves provided.

**Grappenhall and Thelwall Parish Council
Risk Assessment 16 January 2021**

		<ul style="list-style-type: none"> • Hot water signs displayed at sinks. • Mixer taps provided. •
Community/Cafe Area & Kitchen	Staff, visitors and volunteers.	<ul style="list-style-type: none"> • Risks from slips/trips and manual handling covered in previous sections. • Knives stored properly when not in use. • Kitchen equipment including water boiler and coffee machine subject to regular maintenance and inspections. Any defects reported and equipment taken out of use until repaired by a competent person or replaced. • First Aid box provided and first-aider on site. On a Friday, Saturday and Sunday the café is open and run by a professional catering company who have their own additional risk assessments.
Food Handling	Frequent hand washing can cause skin damage. Some foods can cause some staff to develop skin allergies.	<ul style="list-style-type: none"> • Where possible staff use tools (cutlery, tongs, cake slice etc.) to handle food rather than hands. • Food grade, single use, non-latex gloves are available for tasks that can cause skin problems e.g. salad washing, vegetable peeling. • Where handling can't be avoided hands are washed promptly afterwards. • Hand washing facilities are provided. • On a Friday, Saturday and Sunday the café is open and run by a professional catering company who have their own additional risk assessments.
Fire	Trapped staff, visitors and volunteers could suffer fatal injuries from smoke inhalation/burns.	<ul style="list-style-type: none"> • Fire risk assessment has been carried out and necessary action taken. • Fire escape routes to be kept clear of obstructions and combustible materials at all times. • Fire alarm system installed in summer 2014. • Fire warden training has been undertaken by staff.
Lone Working	Staff and volunteers could suffer injury or ill health while working alone. Potential danger from visitors.	<ul style="list-style-type: none"> • Gardener/Manager and Outreach Officer each have a mobile phone. • Volunteers asked to bring a mobile phone if they have one. • Volunteers and Visitor Wardens are often present at the garden in addition to visitors. • More hazardous activities are usually carried out when someone else is present

**Grappenhall and Thelwall Parish Council
Risk Assessment 16 January 2021**

		<p>to avoid the risk of being injured whilst alone.</p> <ul style="list-style-type: none"> • In the event of a problem police, emergency services or other assistance can be called.
VILLAGE GREEN & ASSOC. LAND		
Hazards	Who may be affected and how	Dealing with the risks
Trees	Visitors risk injury from falling /low branches.	Regular tree inspections are carried out by a contractor and recommended works carried out accordingly.
Ponds	Danger of drowning	<ul style="list-style-type: none"> • Obvious and visible hazard, fencing not appropriate in the setting. • Danger Deep Water signs displayed. • Life belt available.
Slips and trips e.g. uneven surface, litter, slippery surface on boardwalk.	Public could be injured if they trip over objects or slip.	<ul style="list-style-type: none"> • Contractors regularly cut the grass. • Contractors carry out litter picking. • Contractors issue monthly inspection sheets and works carries out as recommended. • Boardwalk regularly inspected. • Non-slip surface has been installed on the boardwalk.
Car Park	Danger to users from litter e.g. broken glass and slips/trips.	<ul style="list-style-type: none"> • Regular inspections by Parish Warden to clear litter. • Any damage to the car park surface reported. • Biohazard Sharps Disposal kit provided for Parish Warden. • Grit bin available nearby.
