How to use this guide...

The Warrington Cycle Map has been created to assist all cyclists with planning the best route for your journey.

Roads graded → Increasing difficulty

Cycleability gradations, in increasing experience

1 2 3 4 5

The road network shown on the map is graded according to the degree of skill and experience needed to cycle each route. If you are a beginner or haven't cycled for some time, you should build up your confidence and basic skills on the yellow roads where traffic is lighter and speeds are low.

As your cycling skills increase, so you can explore the green roads. When you are able to deal with heavier and faster traffic you can venture onto the blue and pink routes.

Pavement cycle paths, in particular, still require caution and low speed, especially at junctions. Wherever paths are shared with pedestrians, please be considerate; make sure that others are aware of you, and pass slowly leaving as much room as possible. In all cases of shared and segregated pavement cycling the right of way remains with the pedestrian.

Key

Cycleability gradations, in increasing experience

1 2 3 4 5

- Tarmac surfaced cycle paths
- Unsurfaced cycle paths
- Bridleway
- Pedestrian links
- Shared-use cycle path
- Motorway
- One way
- One way with contra flow cycling permitted
- TPT 62 62 National Cycle Network route number & Trans-Pennine Trail
- Railway station
- Bus interchange
- Schools
- Colleges
- Hospital
- Place of worship
- Library
- Supermarket
- Post office
- Cycle parking
- Bridge
- Pedestrian crossing
- Toucan crossing
